

The Warnell Continuing Education Program

Daniel B. Warnell School of Forestry and Natural Resources

Deer Management and Forestry BMPs

November 15, 2022

Instructors: Dr. James Johnson and Scott Thackston

White Plains Schoolhouse

7410 Hwy 15 South, White Plains, GA 30678

UNIVERSITY OF
GEORGIA

Warnell School of Forestry
& Natural Resources

Purpose

Forestry professionals and landowners (private and industrial) in the Southeast are increasingly interested in managing forestland to enhance habitats for whitetail deer. This virtual short course aims to provide technical information on specific techniques, including forestry best management practices (BMPs), used to enhance and preserve wildlife habitat on forested land. Topics will include forestry BMPs and white-tailed deer ecology and management.

Who Will Benefit?

Private and state foresters, loggers, members of forestry associations, forestry professionals (consultants and managers), forest landowners interested in wildlife management on their lands, and wildlife biologists.

Instructors

Dr. James Johnson is an Outreach Specialist with the Warnell School of Forestry and Natural Resources. He is a Certified Wildlife Biologist and his research while at the Warnell School focused on developing a survey method for monitoring white-tailed deer populations using trail cameras. James has spent most of his life on his family's farm in North Georgia engaging in numerous land management activities and has been a member and advocate of the hunting community for over 20 years.

Scott Thackston is a Staff Forester and the Water Quality Program Coordinator with the Georgia Forestry Commission. Scott is an avid outdoorsman with decades of experience living, working, and hunting in the Southeast.

Registration Fee

The fee for this 4-hour course is \$100.00, which includes instructional materials.

Cancellations

In the event that you need to cancel, in order to receive a refund please contact James Johnson (706-308-6396 or james.johnson26@uga.edu) by November 01, 2022.
